

# McLaren Mp4 12c Engine

**McLaren Mp4 12c Engine** - The McLaren MP4-12C, later known simply as the McLaren 12C, is a sports car designed and manufactured by McLaren Automotive. It is the first ever production car wholly designed and built by McLaren, and their first production road car produced since the McLaren F1, which ended production in 1998. The car's final design was unveiled in September 2009 and was launched in mid-2011. The McLaren MP4-12C, later known simply as the McLaren 12C is a sports car designed and manufactured by McLaren Automotive. It's the first production car wholly designed and built by McLaren since the McLaren F1, which ended production in 1998. The car's final design was unveiled in September 2009, and was launched in mid-2011. The engine has a bore and stroke of 93 mm × 69.9 mm (3.66 in × 2.75 in) and a bore spacing of 108 mm (4.25 in). McLaren and Ricardo redeveloped the M838T engine for use in the McLaren P1. The engine has been upgraded to optimise cooling and durability under higher loads. This MP4-12C's cornucopia of optional features begins with its special-order McLaren Orange paint and matching McLaren Orange full leather interior incorporating McLaren Orange on the leather steering wheel, gear levers, air vents and cluster housing, a truly mesmerizing combination sharply offset by lightweight forged wheels in Stealth ...
